28th April 2023

Dear Parents/Carers,

It has been another busy week in school with lots of creative, fun learning activities taking place throughout the school.

Coronation event - Friday 5th May 2023

Next Friday (5th May), as a school we will be marking the King's Coronation. On the day, children can come to school in non-uniform wearing blue, red or white (or a combination). We ask for a voluntary contribution of up to a £1, or if you would like to donate more, in change (1p,2p,5p,10,20p etc). In conjunction with the PFA we will be raising money for an outdoor classroom to be installed on the field to add to our outdoor learning experience for all children. Our plan is to use the change brought in to create a money trail in the shape of the King's crown. On the day, weather permitting, children will eat outside with their classes (street-party style) and enjoy a creative activity in the classroom as well as learning all about the history of the King and his life. A cold lunch option will be available if your child usually has a dinner so that all the children can sit together outside (more details on this to follow). We look forward to this event next week.

Online Research Tips

- 1) Make your keywords as precise as possible. If you're looking for information on a Tyrannosaurus Rex, don't type in "dinosaurs".
- 2) Use two or more keywords in your search, but put the most important keywords first. For example, if you wanted information about what the T-Rex ate, you might use the following keywords in this order - Tyrannosaurus Rex diet. The search engine will look for web pages that contain all of these words.
- 3) Make sure you spell the keywords correctly.
- 4) Use a child-friendly search engine, such as [Kiddle](#).
- 5) Include the words - '**for kids**' - to help make the results more age appropriate.

Keeping a healthy dialogue with children about their online activity and a degree of monitoring, especially on messaging sites, and setting clear boundaries is the best way of keeping your child safe.

These applications have age limits in place to keep users safe, and protect younger users from inappropriate contact and content.

We

continue to be seeing children and parents upset by content shared or seen online. Please see the information below with some top tips and reminders of the age restrictions for certain popular applications. These age restrictions are there for a reason and near on all of the incidents we support families with could have been avoided if age restriction guidelines were followed.

We hope that you enjoy the bank holiday weekend,

The Leadership Team

PE KIT

For PE this term all lessons will be athletics and a Striking and fielding (cricket or rounders).

Could all children please have a PE kit in school **everyday**. If you are unable to provide your child with a PE kit please use our uniform shop as we will donate them to any families that cannot provide a PE kit for their child. Please ensure the PE kit is labelled and is in a bag labelled with your child's name.

PE kit should include

- Plain white T-shirt
- Navy shorts
- Tracksuit (for outdoor sports in the winter)
- Trainers/plimsolls (children should not be wearing their school shoes for PE. This can be a health and safety issue and also brings mud from the school field into the classrooms).

Thank you

Signs of the Week:

The children have been working really hard to use Makaton signing as part of their everyday routine. The children are now confident in carrying out a basic greeting, requesting their lunch option, naming some classroom objects and using transitional words to help them move to a new activity.

Next week, we will be introducing signs for some of the people who may be important in the children's lives.

Absence

If your child is too ill to attend school, this must be reported to us by no later than **9.00am**. Please Telephone the school, press one and leave a message on the voicemail box stating your child's full name, class, the reason for absence and when we can expect them to return to school (if known).

Home Visits will be carried out for any child that is absent for 3 or more school days without reason.

POLITE NOTICE

At East Tilbury Primary we motivate the children to take an active role in being eco-friendly and as part of this, we encourage pupils to choose to walk, scoot and bike to school, to help lower carbon emissions from cars.

We ask parents/carers to encourage pupils to be safe and responsible when riding bikes and scooters. Children should take care when passing or approaching other children and should dismount their bike or scooter on entering the school grounds.

Thank You

PARKING

Could you please be vigilant and courteous if you bring your vehicle onto the school grounds and refrain from parking on any zig zag lines or on the zebra crossing.

The children's safety is of paramount importance.

There are plenty of different types of support out there, and a Mental Health First Aider can help you access the support you need to feel better.

Mental Health First Aiders are a point of contact if you, or someone you are concerned about, are experiencing a Mental Health issue or emotional distress. They are not therapists or psychiatrists but they can give you initial support and signpost you to appropriate help if required.

Reception

This week in Reception we have enjoyed reading the story about Goldilocks and the Three Bears. We have used our phonic skills to write sentences describing different fruits that we would like to put on top of our porridge. We used adjectives such as juicy strawberries, plump blueberries and soft bananas.

In maths this week we have been looking again at teen numbers, thinking about how many tens and how many ones are in the number. We also have been thinking about the formation of the number.

On Sunday it was St Georges Day, we read the story about how George rescued the princess from the dragon. We also made England flags and designed a new shield for St George.

Year 1

In our foundation lessons, year 1 will be focusing on the seaside this final term. They will be looking at how the seaside has changed over the years, and the different things we do at the seaside.

This week, year 1 identified the human and physical features at the seaside and sorted images from the seaside into past and present.

Furthermore, year 1 created a beautiful seaside collage using sand, sequins, blue paper and cotton wool. The children worked extremely hard creating their pictures and should be very proud of themselves. We think they look amazing!

Year 2

In our PE lessons we have been practising our athletic skills. We took part in running, jumping and throwing activities.

In science we have been learning about lifecycles. We looked at the lifecycles of frogs and butterflies before focusing on the lifecycle of a human. We discussed the different stages and what stays the same and changes in each stage.

In English we have started to plan and draft our very own newspaper report about The Great Fire of London. To write our newspaper report we have learned all about the features of a newspaper, as well as learning about the Great Fire of London! Pick up your copy of the East Tilbury Primary Times in store near you!

Year 3

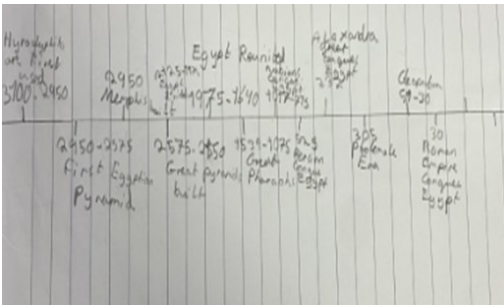

This week in Year 3, we have continued to enjoy learning about Pompeii. We did our own research to answer questions we wanted to find the answers to. We found out lots of interesting facts to include in our newspaper articles. In maths, we have continued learning about fractions. We have been using lots of resources to find fractions of amounts.

We investigated light reflection in science, we tested which materials reflect light and which materials absorb light. Then we designed a bag with reflective strips on it so we could use it in the dark and still be seen, we made sure to use bright colours as well.

In History, we started our new topic, Romans. We read the myth Romulus and Remus to understand how Rome was thought to have been created. We are excited to learn more about the Romans throughout the term.

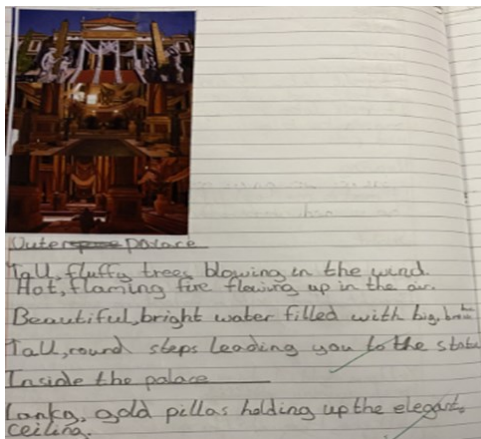

Year 4

This week in English, the children have been looking at descriptive writing and using a range of figurative language. By the end of the week, the children would have written a travel guide on ancient Egypt. In maths, there has been a range of activities

including, looking at fractions and multiplications. In PE, the children had a carousel of throwing activities, where they learnt the accurate techniques of the shot put, Nerf throw and a chest throw. Within Science, the children continued with States of matter, but concentrating on solids. Finally, in History the children created a timeline for the ancient Egyptians in chronological order.

Year 5 - We're loving angles instead!

This week in Year 5, we have been exploring angles (not to be mistaken with angels). From acute ones to obtuse ones and beyond. We have measured, calculated and drawn them. Next week we will explore the rules around angles, and how we can find missing angles around a point, in a triangle and on a straight line.

Year 6 News

NEWS ALERTS

As with last week, here is a reminder of the dates of the upcoming SATs tests:

Date	Exam
Tuesday 9 May 2023	Grammar, Punctuation & Spelling - Paper 1 Grammar, Punctuation & Spelling - Paper 2
Wednesday 10 May 2023	English Reading
Thursday 11 May 2023	Maths Paper 1 (Arithmetic) Maths Paper 2 (Reasoning)
Friday 12 May 2023	Maths Paper 3 (Reasoning)

Though the children have been working extremely hard on SATs preparation and revision, they have had some fun in their foundation lessons too...

In science, we have been exploring our new topic of *Evolution and Inheritance*. Last week, we began our topic but learning about the difference between inherited and acquired traits. We examined inherited traits further by drawing our own Mr Men and Little Miss offspring.

This week, we have been learning about Darwin's theory of evolution and how he observed beak adaptations in finches. To further understand this, we did an experiment where we used different pieces of equipment to act as different types of beaks and had to use them to collect as much 'food' as possible. There was rice, macaroni, marshmallows, multilink and paper clips to act as different sized and shaped bird food. We used tweezers, scissors, spoons and pegs to act as different beak types.

In history, we have introduced our new topic of Bata. The children have enjoyed our first lesson learning about what East Tilbury looked like when the Bata factory was built—with many wishing we still had a swimming pool and cinema!

Have an amazing weekend!

What Parents & Carers Need to Know about

WIZZ

AGE RESTRICTION

12+

12+ App Store
Teen-Google Playstore

WHAT ARE THE RISKS?

Wizz is a networking app which allows users to connect and chat with other people around the world. Its principle is similar to a dating platform: users have a profile with up to three photos, along with optional interests and hobbies tags. This allows other like-minded people to be recommended in searches. If a user likes what they see on someone's profile, they can initiate conversation through the instant message feature; otherwise they swipe on. The app does use age verification technology when an account is created and groups users by age.

OVER-SHARING

Immediately after setting up an account, users start receiving friend requests (mainly from the opposite gender). For many young people, this will be exciting and a boost to their confidence. As young people tend to be more trusting online and may believe what others tell them, however, this can lead them into dropping their guard and revealing personal information to strangers.

CATFISHING AND PREDATORS

Wizz uses Yoti, a digital ID system, to verify users' age. The AI only detects approximate age, though – so an older person who looks younger could be grouped with teens (or vice versa). Also, profile pics on Wizz don't have to match the face of the person who did the initial age verification: it would be fairly easy to create a fake account using another person's photos with a made-up name and age.

EXPLICIT CONTENT

During our research, conversations on Wizz very quickly turned sexual. Users frequently suggested 'taking it to Snapchat' (Snapchat's disappearing image feature can make it conducive to sharing explicit selfies), connecting on other social media, swapping nude or semi-nude pictures, or holding sexual chats. These users created an impression of the platform being sleazy and unsafe for young people.

INTIMATE IMAGES

It's not unheard of for young people to be coaxed into sending suggestive images of themselves over apps of this kind. Given that Wizz connects users with strangers, who may not be honest about their real intentions, a teenager might conceivably be persuaded to share sexually suggestive selfies by someone who they believed they had a trusting relationship with.

NO PARENTAL CONTROLS

The app claims to provide a secure and inclusive environment, but our researcher couldn't find any parental controls or safety features in evidence. If you report another user for inappropriate behaviour, you are offered the option to block them – but there's no indication as to whether the block has actually been successful, and there was no follow-up contact from the developers.

SECRETS AND SUBSCRIPTIONS

Wizz sent our researcher occasional 'mystery' friend requests from a blurred-out profile. To discover the sender's identity, users can either watch a video (usually an ad for a game or app) or take out a monthly subscription. Critics might suggest this could be a way to exploit young people's curiosity into making them pay for the app, and that the 'secret admirers' are bots rather than real people.

Advice for Parents & Carers

TALK IT OUT

If your child has downloaded Wizz, talk to them about why they like it and who've chatted with. Have they shared any personal details with this person or connected with them on other social media platforms? Refresh your child's memory of the various risks that can arise from engaging with strangers online and get them to consider using a similar app with more robust safety features.

EMPHASISE CAUTION

Young people are far more inclined to see the good in others; they often overlook the fact that scammers set up fake accounts on apps like this with the intention of getting money or personal data. Remind them that not everyone online is who they claim to be, how easy it is for someone to create a bogus profile, and why it's vital to think twice about sharing anything on networking apps.

BE SUPPORTIVE

When connecting with strangers on apps like Wizz, seemingly innocent chats can quickly progress to become sexually explicit and lead to nudes being sent. Make sure your child knows to come to you if they're uncomfortable about anything they've been sent or been asked to send. If they've already shared something that they now regret, reassure them that you'll support them no matter what.

KEEP THINGS TRANSPARENT

It might feel awkward, but regular chats about your child's online life can be beneficial. If they seem suddenly anxious or secretive around their phone or tablet, they may have something they need to get off their chest. You could also consider not allowing digital devices in their bedroom, especially overnight – that's when a lot of the riskier conversations on apps like Wizz tend to take place.

ETPS PFA Update

Splitting the £1.00

How it works...

It's simple—choose 6 numbers between 0-9 and if they match the weekly lottery draw, you win great prizes. One of our players will win a cash prize every week, maybe even the £25k jackpot! Tickets cost just £1 per week and the proceeds are donated to East Tilbury Primary School

Every Saturday at 8pm the numbers are drawn and posted online. Winners are notified by email and winnings paid into the account of your choice.

The easiest way to join our lottery is online at YourSchoolLottery.co.uk by direct debit or debit card.

It's so easy to join and will make a real difference to East Tilbury Primary School

- **40p** goes to our school
- **36p** goes to cash prizes
- **20p** goes to admin costs
- **4p** goes to VAT

The Maths... 100 tickets sold a week means
= **£30** weekly cash prize
= **£2,080** a year for our school

To start supporting, visit:
yourschoollottery.co.uk
and search for: **East Tilbury Primary**

Supporters must be 16 years of age or older

Do you receive any of the following?
